When are Cap/Gown Portraits

Portraits are scheduled during the Summer before your senior year. After school starts, pricing/fees may increase with limited scheduling options.

How to Schedule Portraits

Scan the QR code or go to the website above to pay your non-refundable session fee and reserve your time in the Portrait Studio.

Who needs to attend the session

We require one Parent/Guardian to attend the Session. You will help with your child's appearance, grooming, hair, etc. You will approve the poses as the photographer takes them and you will assist your child to get dressed.

What to wear to your session

We provide the Cap/Gown, Tux and Drape.
Boys please wear a clean plain white t-shirt (no logos or sayings) because this will show through the tuxedo shirt. Girls please wear a camisole under your shirt. This will make it easier to get your Drape portrait.
A family member will help you get ready in a private dressing room.

Deadline

Schedule your time as soon as possible.
Your school has strict deadlines on when we have to submit your Senior Portraits so you aren't left out of the Yearbook.

How to Prepare

If you are getting a fresh haircut, they look best when they are about a week old.
Tan lines are very difficult and expensive to fix. Please avoid.

Grooming and Appearance Guidelines

IMPORTANT. You are responsible to know and follow your school's grooming guidelines including Appearance, Jewelry, Hair Style, etc. If your school declines the portraits because of a violation of their rules, you will have to schedule and pay an additional session fee.
